## Interests

### Web Development

### Running

## Languages

### French

### English

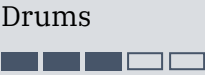

### Spanish

## Skills

### Music

As a student at ENSEEIHT, an engineering school in Toulouse, currently in the first year of the Computer Sciences program, I wish to participate in an exchange with a university abroad. With the ambition to work in software development, I am looking for a university in an English-speaking country offering courses in computer science and applied mathematics.

## Education

**ENSEEIHT** **September 2024**  
Engineering school  
Computer science  
<https://www.enseeiht.fr/fr/index.html>

**Lycée Janson de Sailly** **September 2022 - June 2024**  
CPGE MPI (Mathematics, Physics and Informatics)  
<https://www.janson-de-sailly.fr/>

**Lycée Blaise Pascal** **September 2019 - June 2022**  
Baccalauréat  
<https://lyc-pascal-orsay.ac-versailles.fr/>

## Volunteering

**Paris 2024** **2024 Summer**  
Volunteer Paris

Volunteering for the organization of the Vaires-sur-Marne competition site during the Paris 2024 Olympic Games. Guiding and answering questions from athletes, delegations, and drivers upon their arrival at the site.  
Skills: English proficiency and teamwork.

**Cordée de la réussite** **October 2024 - March 2025**  
Tutor Toulouse France

Tutoring middle school students along a Robotics project. Helping then understanding the foundations of programmation.

## Projects

**Quantum chess game** **2021 - 2022**  
High school project  
Coding a quantum chess game with a teammate. Using HTML CSS and Javascript

**Hashiwokakero solver** **2023 - 2024**  
CPGE project  
Coding a game solver for the game Hashiwokakero. Using Ocaml.
